8. After clicking on the link in the email that you received you should see the screen as shown on the left. If you have recently requested password reset multiple times then be sure you use the link in the **most recent email that you received because otherwise you will see this error message:**
Unable to verify password reset request. Please try again or [contact us](#) for assistance.
9. If successful you should now receive another email with your new “temporary” password. Be sure to manually enter this new password when you login because any previously stored password will not work now. You may keep this “temporary” password and **do not have to change it.**
10. If you do wish to change your password, login in using the new “temporary” password and your email address and then click on “My Account” in the black horizontal bar. Notice at the bottom of your “My Account” data in the left column you can set your password to anything you prefer. If you have a stored password (such as Google Password Manager), you now need to update that stored password to match your new password.
